

WIN! 'The Teacher Tapp CPD Canon' for your school's library

Do you have access to the best teaching books at your school? If so, you are rare. [Only 1 in 3 schools](#) has a CPD library. Which is crazy. AND WE WANT TO HELP CHANGE IT. Teachers need access to the latest ideas on teaching techniques and, crucially, it's important to stay as a learner. To challenge previously held ideas and to continue improving one's practice. Enter: the 'Teacher Tapp CPD Canon' - a list of books we think every teacher should have access to, AND WE ARE GOING TO SEND THE WHOLE LOT TO ONE LUCKY SCHOOL. ? How does it work? Every question you answer on [Teacher Tapp](#) in August works as a raffle ticket. If you answer every set of the daily three questions you will have 93 tickets in the final draw. If you do less (why would you do less?) then you'll get fewer. (Get the app [via this page](#)) What does Teacher Tapp get out of it? We're intrigued about what teachers do in their summer holidays. We can't see any prior research on this. So yes, we would like you to answer the questions. But also, we think these books are important. Why should you take part? Because free books! And fun questions! And you learn stuff along the way via the free, daily CPD bullet and our Monday questions. (If you don't know what we do, seriously, [go here and get the app](#)). * I'm in! But...
